LinkedIn / ivan-milicevic993

I build digital products that stay useful, with AI where it earns its place. From web and mobile applications to agent interfaces and the systems behind them.

01 CURRENT WORK

Parallel engagements

PilotHub Studio

US

Mar 2025 - Present

Co-Founder & Senior Developer

Leading technical strategy and hands-on delivery for B2B clients, from custom web applications to AI, CMS, and API integrations.

Munich General Insurance Services GmbH

EU · Germany

mobilversichert · Software Development

Insurance software connecting brokers, insurers, and policyholders through digital customer, policy, and document workflows.

Magic Digs

US

Product Engineering Collaboration

Product engineering for a multi-tenant real-estate platform with agent websites, shared dashboards, and integrated AI assistants.

02 EARLIER EXPERIENCE

TradeCore

EU · Jul 2024 - Mar 2025

Frontend Developer

Migrated Vue 2 applications to Next.js and introduced a Turborepo monorepo. Built responsive React interfaces and automated GitLab CI/CD pipelines.

PRODYNA

EU · Jun 2022 - Jul 2024

IT Consultant / Professional Software Engineer

React and Azure IoT Hub for camera control and device data. Angular and TypeScript for ISO compliance tracking. Next.js modernization of an existing commerce platform.

Self Employed

EU-US · Apr 2020 - Jun 2022

Full-Stack Developer

Full-stack applications with Angular, Next.js, Node.js, and Express. Payment and analytics integrations in responsive client products.

Products & engineering.

Web applications, native mobile products, and AI workflows.

03 SELECTED PRODUCTS

WeddList ↗

A wedding planning product for web, iOS, and Android, covering guest lists, RSVP tracking, groups, gifts, and budgets.

EdPilotHub ↗

An education-focused CMS that brings school websites, events, applications, accessibility, and AI engagement tools into one platform.

Bebio

An iOS and Android parenting app with offline-first sync and an AI assistant.

Tandem ↗

A developer tool connecting Claude Code and Codex for collaboration, code reviews, and parallel work.

Inertia ↗

A personal finance product for spending insights and financial goals, across web and mobile.

IPS Uplatnica ↗

A privacy-conscious PWA for saving payment templates and generating NBS IPS QR codes, with offline support.

04 FURTHER CLIENT WORK

Ukandu · Miami Arts Charter School · Halliday Financial · Olsen Ziegler Realty · DentalHolist · Easy Florida Online Divorce
